RE: Water Rate

To Whom It May Concern:

In accordance with our Intermunicipal Agreement the Current Water Rate is to be adjusted for inflation using the Federal Consumer Price Index. The new rate for 2026 will be 1.31 per unit with a minimum charge of \$13.10 for 10 units of consumption.

Your March 31, 2026 bill will be calculated using the new rate.

If you need more information regarding this adjustment, please contact me at 607-526-5130 between the hours of 8:30am and 4pm, Monday through Friday. Thank You.

Respectfully yours,
